

Remarks

Applicant has amended the specification to provide information regarding the PCT application of which the above-identified application is a U.S. national stage application. The claims were amended to reduce multiple dependencies, correct minor typographical errors and present claims in a format acceptable under United States practice. Applicant notes that the PCT application was filed with the correct title (i.e., the title as now amended) but published with the word "cannabichromene" misspelled. The title is amended herein solely to ensure that the correct title is used. No new matter has been added.

Respectfully submitted,

MUSTY and DEYO, Applicant
